Dewatering Equipment Application Information Sheet Sludge / Rejects Dewatering

1. **Company:** _____ **Location :** _____
2. **Contact name :** _____ **Tel:** _____
Fax: _____
E-mail: _____
3. **Type of mill :** _____
4. **Products :** _____
5. **Application**

Type material	consistency %BD	Flow USGPM	Capacity BDST/D* (24 hrs)
a. Primary sludge	_____ %	_____	_____
b. Secondary sludge	_____ %	_____	_____
c. _____	_____ %	_____	_____
d. _____	_____ %	_____	_____

6. **Sludge Properties :**
a. Fiber content: _____ % b. Ash content: _____ % c. pH : _____

7. **Dewatering equipment currently in service:**

Quantity	Type of equipment	Capacity/unit BDST/D*(24 hrs.)	Outlet consistency %BD
a. _____	_____	_____	_____
b. _____	_____	_____	_____

8. Required dewatering capacity :

Quantity	Type of equipment	Capacity/unit BDST/D*(24 hrs.)	Outlet consistency %BD
a. _____	_____	_____	_____
b. _____	_____	_____	_____

9. Final disposition of dewatered material : _____

*BDST/D = Bone Dry Short Tons per Day
